

Boom Holster Installation Manual

C-01151 USBC-002 MANUAL (3-2-16)

USBC-002 Boom Holster

The Boom Holster is a two-piece hot stick holder that mounts on a boom. The molded plastic design is spring loaded at one end to accommodate a hot stick. The Boom holster works with straight sticks and shotgun sticks.

STEP 1:

Install the bottom section (with the slot) using 1 Strap and rubber pad on the boom so an operator can reach it from the bucket.

STEP 2:

Determine the placement of the spring-loaded top section (with a hotstick temporarily installed) and attach it using 2 straps and rubber pads.

STEP 3:

Tighten all straps and trim them as needed.

Periodically tighten straps as needed.
